

**Workday profile update:**

To access the workday profile we need to follow steps.

In workday profile we can update email address, phone information, address (current and permanent), resignation, emergency contact, all Bank related details and social network.

To update workday profile first go on workday and click on **menu** of left corner.

Click on personal information and you can update all the email address, phone information, address (current and permanent), resignation, emergency contact, all Bank related details and social network list in single click.
